DRR 001 Mike Therieau  
2 song 7"

Fly Away b/w Midnight Apt.#9  
Solo debut from this tireless performer. A Bay Area favorite, playing with such acts as The Loved One's and Mover. Now with Wasted Days.

DRR 002 The Flakes  
2 song 7"

They went to Europe, and we made this 45. Only 500 in existence, and most of 'em landed somewhere in Spain. SOLD OUT

DRR 003 Sonic Love Affair  
4 song Double 7" gatefold  
Fuzz-punk-garage-psych monsters!

S.L.A. hit the wax for the first time with a sonic explosion that captures all the energy of their live performances. From the classic "Something to Believe In" to "St. James Hotel" these cretins make you believe what it's like to hang out in a welfare hotel with Chuck Berry. Covers of DMZ and 13th Floor Elevators.

DRR 004 Mob Stereo  
3 song 7" hand screened cover  
Other Stepped In b/w Privileged Position & New Vision  
Melancholy garage, bleeding melodies and female vocals make this 3 song distorto-disc a lively platter. From NYC.

DRR 006 The 'Cudas  
Cock Ready --CD/LP - Picture Disc!  
The founders of Plastic Soul are at it again, allowing DRR access to the long sought after "Cock Ready" sessions. Cover art alone makes it worth the price. Keeping it weird with 9 songs. P/D comes with retail-friendly "cock block"

DRR 005 The Nads  
Backasswards -- CD  
Parent-teacher conference night just ain't the same after the raucous, 11-track manifesto hits campus! Do the math: 50% Frank Frazetta styled airbrushed rawk, 50% old school punk. San Francisco faves.

DRR 007 Nagg  
s/t --CD/LP  
Dripping with sweat and blood, Nagg's debut delivers 31 minutes of hard drivin' rock'n'roll with a boogie beat. Head shattering guitars and kick ass female vocals.

DRR 008 Dave Gleason  
Midnight California -- LP  
The sun setting, and the cool air coming in off the ocean set the backdrop for this 70's outlaw country outfit. The perfect soundtrack for driving down the coast. Strong songwriting and flashy guitar set this one apart.
